

ADDENDUM No.2
No. 2023-104
Demolition and Removal of Condemned Structure

Date: May 15th, 2023

To Whom It May Concern:

In response to questions received from potential bidders, the County provides the following questions and responses:

Does this project require a bid bond and payment performing bond?

Based on the size of the property the county will not require and bid bond and payment performing bond as the county will pay the invoice in full at the completion of project.

Also please let us know if this project has lead or asbestos.

Based on the year the structure is built the structure is to be considered friable asbestos and should be considered to have lead.

For demolition as friable asbestos, the NYSDOL fee is \$2,000 unless the county will complete the fee waiver form. Will Lewis County be completing the fee waiver form for NYSDOL thus eliminating the need to carry \$2,000 in the bid for notification?

The County will submit a fee waiver form in accordance to Section 904, and therefore the contractor should not submit a proposal with the \$2,000 fee.
