Public Health
Prevent. Promote. Protect.
LEWIS COUNTY

LEWIS COUNTY PUBLIC HEALTH PRESENTS THE

DIABETES PREVENTION PROGRAM (DPP)

Beginning January 10, 2024
4:00-5:00 PM
Lyons Falls Library

Take charge of your health and lower your risk for type 2 diabetes by learning how to eat well, stay active, and reduce stress.

What do Lewis
County
Residents say?

"The people I met in my class have motivated me and I hope to keep them in my circle of friends."

"With your support, I am a new person! Thank you for helping me start a new lifestyle!"

"I learned a lot from this class. I plan to continue using the information I learned for the rest of my life."

"After 16 weeks, I've learned when to eat, what to eat and how to eat. I also learned that we are responsible for ourselves. We have the willpower when it comes to eating and exercising. Most of all, we are able to forgive ourselves if we make a mistake. We start over and make better choices and continue on."

4'10"	119-142	143-190	191+
4'11"	124-147	148-197	198+
5'0"	128-152	153-203	204+
5'1"	132-157	158-210	211+
5'2"	136-163	164-217	218+
5'3"	141-168	169-224	225+
5'4"	145-173	174-231	232+
5'5"	150-179	180-239	240+
5'6"	155-185	186-246	247+
5'7"	159-190	191-254	255+
5'8"	164-196	197-261	262+
5'9"	169-202	203-269	270+
5'10"	174-208	209-277	278+
5'11"	179-214	215-285	286+
6'0"	184-220	221-293	294+
6'1"	189-226	227-301	302+
6'2"	194-232	233-310	311+
6'3"	200-239	240-318	319+
6'4"	205-245	246-327	328+
	1 Point	2 Points	3 Points
	You weigh less than the 1 Point column (0 points)		

Total score:

Adapted from Bang et al., Ann Intern Med 151:775-783, 2009. Original algorithm was validated without gestational diabetes as part of the model.

If you scored 5 or higher

You are at increased risk for having prediabetes and are at high risk for type 2 diabetes. However, only your doctor can tell for sure if you have type 2 diabetes or prediabetes, a condition in which blood sugar levels are higher than normal but not high enough yet to be diagnosed as type 2 diabetes. **Talk to your doctor to see if additional testing is needed.**

If you are African American, Hispanic/Latino American, American Indian/Alaska Native, Asian American, or Pacific Islander, you are at higher risk for prediabetes and type 2 diabetes. Also, if you are Asian American, you are at increased risk for type 2 diabetes at a lower weight (about 15 pounds lower than weights in the 1 Point column). Talk to your doctor to see if you should have your blood sugar tested.

You can reduce your risk for type 2 diabetes

Find out how you can reverse prediabetes and prevent or delay type 2 diabetes through a **CDC-recognized lifestyle change program** at <https://www.cdc.gov/diabetes/prevention/lifestyle-program>.

Risk Test provided by the American Diabetes Association and the Centers for Disease Control and Prevention.
