GENERAL DESCRIPTION OR REQUIRED PERFORMANCE OUTCOMES:

2.1 Scope of Work

Lewis County is looking for a firm to create a comprehensive set of downtown design guidelines that can be implemented in Villages and Hamlets throughout the County. By the end of the project, the design guidelines will be encompassed in a highly visual lookbook that will provide essential design principles for mixed-use commercial buildings, storefronts, landscapes, site plans, and signage. The Design Guidelines will adhere to the Secretary of the Interior Standards for Historic Preservation to ensure the preservation of each municipality's historical heritage. Additionally, the guidelines will showcase the appropriate usage of materials in renovation projects while emphasizing historic details and textures. Additionally, the document will explore color theory and present sample color palettes specifically tailored to our local context.

A core focus of the Lewis County Downtown Design Guidelines will be on achieving an optimal balance of scale, depth, rhythm, transparency, and proportion, and include visual samples of successful implementation of guidelines on buildings throughout Lewis County. To simplify the process of complying with zoning regulations in each individual municipality, the consultant will conduct a comprehensive review of allowable signage throughout the county. Clear diagrams and illustrative photographs of best practices will be included, making it easier for business owners, staff, and planning officials to navigate the legal language and adhere to guidelines effectively. Lewis County is looking for at least one in-person meeting including visits to "downtown" corridors, while additional meetings can be done virtually.
