Job Title:

Motor Assembler

Minimum Experience Required:

No experience requirement provided.

Job Description:

FULL TIME MOTOR ASSEMBLER Calling all LEGO lovers! Did you spend countless hours stacking plastic bricks together until an amazing creation emerged? If so, we need you! We are looking for a full time Motor Assembler. If you enjoy working with electrical cables, gear boxes and motor parts, Grand Slam Safety is interested in helping you reach new levels in your career! A Little About Us Located in the beautiful foothills of the Adirondack mountains, Grand Slam Safety is a small business that serves the needs of college and high school athletic departments, architects, sports facility development companies, parks and rec departments and others who are seeking to create a safer environment for players and spectators. We value high integrity, superior customer service and quality products that are proudly manufactured in Upstate New York. We love to work hard and play hard! Surrounded by breathtaking scenery, this region boasts of world class snowmobile trails, outstanding white water rafting and unlimited hiking opportunities. A Little About You: You are psyched about combining electricity with plastic parts to create key switches and motors! You value teamwork, professional growth and strong communication. When your workday is done you know how to set your tools down for a perfect work/life balance! You're a master builder that enjoys process, sequence and systematic work. You're a neat freak when it comes to organizing your work station. Your thorough understanding of machines and tools used in motor assembly is stellar and your excellent ability to read and listen to assignments makes you an outright rockstar! Furthermore, you can demonstrate your ability to crush long term goals because you have successfully completed formal training in electrical, mechanical or industrial maintenance. And, as if that wasn't enough, you have a strong physical presence that allows you to lift components that are vertical, flat or overhead and your manual dexterity and stability rival those of Spider Man. You are able to traverse facilities and machinery in a single bound and climbing, balancing, lifting, walking, stooping and carrying materials are your hidden superpower! Interested in applying? Send resume and cover letter to: heidi@grandslamsafety.com
