

**ADDENDUM No.2**  
**No. 2024-111**

**Management, Operation, and Maintenance for the Lewis County Coordinated Public Transportation System.**

Date: July 15, 2024  
To Whom It May Concern:

Here are responses to questions that have been asked in response to this RFP.

**We would like further clarification with respect to Section 5.1.2 under the Cost Proposal section of the RFP. The RFP is asking each proposer to submit a cost proposal showing its proposed overall budget for four years with budget justification in narrative form. Are you asking for our budget related expenses to the pricing model we will be submitting by each line item of our Proforma.**

No, we are not asking for budget related expenses to the price model you will be submitting by each line item of your Proforma. We are looking for a summarization of the budget justification. For example, the costs you are proposing are based on the suggested organization structure (with emphasis on the required Lewis County terminal), what operational plan you are proposing, what potential added benefits (if any) you are including in your proposal, etc.

Please reach out if you have any questions.
