

**ADDENDUM No.2**

**No. 25-05**

**Purchase of One 2024 or Newer Ford #450 Bus- 16 passenger**

Date: May 2, 2025

To Whom It May Concern:

Here are responses to questions that have been asked in response to this.

1. There are several requirements that Micro Bird is not compliant to. Could you let us know what is acceptable, what needs an approval for deviation from the County, and what NYBS will handle themselves.

Per the County's Bus operator they state that the Micro Bird option is fine and you can bid that options as long as you list all the specs out.

2. Question about the 6 camera system- Will you require a dvd recording devise-? And do you have a layout where the cameras are located-?

We usually put cameras in the following positions and would require the equipment to view the footage. Our current cameras have a removable hard drive.

Front looking out of the windshield  
Above the driver facing the entrance door  
Front bulkhead facing the back of bus  
Rear bulkhead facing front of bus  
One in the middle of the bus  
One facing driver

Please reach out if you have any questions.

Brian Hanno  
Lewis County Purchasing Director
