

ADDENDUM No.1

No. 2025-109

Demolition and Removal of Condemned Structure East Main St. Turin

Date: July 2, 2025

To Whom It May Concern:

Please see below questions that have been asked regarding this RFP.

1. Can Lewis County award this to a non MWBE contractor and, if so, does SDVOB qualify for anything as this contractor meets those criteria. **Yes, there are no percentage goals for this project.**
2. For the Section 3 requirements, it notes that the contractor agrees to maintain hiring so that 25% of labor is by section 3 workers. Is this required? **If the total contract is less than \$200,000 then Section 3 will not trigger.**
3. Where does the water and sewer need to be disconnected from? **The public water line can be cut just outside the foundation as the water has been turned off at curb stop. There is no public sewer, the house is on private septic and that can be cut off outside the foundation wall and capped.**

Please reach out if you have any questions.
