The Lewis County Youth Bureau recently met and decided on allocations for 2025 County Funds. \$15,000 was made available by the County to support positive youth development programs and activities in our area. The Youth Bureau was excited to receive numerous applications across a variety of different programs and throughout different areas of Lewis County. Listed below are the outcome of the Youth Bureau’s decision. We want the community to be aware of what our advisory board does, where funds are going and how they are being used, along with spreading awareness of these programs for youth and their families.
