**Company Name:**

Alkegen

**Job Title:**

Hand

**Minimum Experience Required:**

No experience requirement provided.

**Job Description:**

Alkegen brings together two of the world's leading specialty materials companies to create one new, innovation-driven leader focused on battery technologies, filtration media, and specialty insulation and sealing materials. Through global reach and breakthrough inventions, we're delivering products that enable the world to breathe easier, live greener, and go further than ever before. With over 60 manufacturing facilities with a global workforce of over 9,000 of the industry's most experienced talent, including insulation and filtration experts, Alkegen is uniquely positioned to help customers impact the environment in meaningful ways. Alkegen offers a range of dynamic career opportunities with globe-spanning reach. From production operators to engineers, technicians to specialists, sales to leadership, we're always looking for top talent ready to bring their best. Come grow with us! Responsibilities: Operates similar production machines to perform similar operations or produce similar parts. Jobs may be of short duration requiring frequent change in set-up and variation of individual cycles. Has moderate control over product quality. Works from specific written or verbal instructions and general operating practices, requiring application of some judgment and selectivity. Sets up machines requiring interaction of several variables. Loads raw material into the machine, manually operates, varying and modifying the cycle, and unloads the finished product. Performs additional operations manually or using simple machines. Checks products routinely for multiple characteristics using standard measuring devices. Adjusts set-up and process operation accordingly. Maintains production records and monitors product quality against established control charts. Qualifications/ Experience: Manufacturing Experience a plus Comp Range: \$26.34 If you are interested in being part of a world class Manufacturing function here at Alkegen then we would love to hear from you.
