**County of Lewis**

Local Law No.   3   of the Year 1999

A Local Law Imposing a Surcharge to Pay the Costs Associated With Creation and Operation of an Enhanced 911 Emergency Telephone System Serving Lewis County.  
(Insert Title)

Be it enacted by the **Lewis County Board of Legislators** of the **County of Lewis**, as follows:

**Section 1. Legislative Intent.**

The Lewis County Legislature recognizes the paramount importance of the health, safety and welfare of the residents of the County, and that when the lives or property of those residents are in imminent danger, that timely and appropriate assistance must be rendered. The Lewis County Board of Legislators has determined that the enhanced emergency telephone system known as "E-911" provides substantial benefits beyond basic 911 systems through the provision of selective routing and automatic number and location identification and that these enhancements not only significantly reduce the response time of emergency services but also represent the state of the art in emergency telephone system technology.

The New York State Legislature has recognized that implementing and maintaining an E-911 system is costly and has adopted Chapters 756 and 757 of the Laws of 1989 amending the County Law and the Tax Law to provide counties with a funding mechanism to assist in the payment of the costs associated with same. It is the intent of the Board of Legislators to fulfill its obligation to provide for the health, safety and welfare of the residents of Lewis County by adopting this Local Law imposing a surcharge on the customers of every telephone service supplier within the County to pay for the costs associated with obtaining and maintaining telecommunication equipment and telephone services needed to provide and maintain an enhanced 911 emergency telephone system to serve Lewis County.

**Section 2. Establishment of County Surcharge for Enhanced Emergency Telephone System.**

The County of Lewis hereby adopts the applicable provisions of Article Six of the County Law as they pertain to the County and its emergency telephone system and hereby imposes a

surcharge in an amount of Thirty-Five Cents (\$.35) per access line, per month, on the customers of every telephone service supplier within the County of Lewis to pay for the costs associated with obtaining and maintaining the telecommunication equipment and telephone services needed to provide an enhanced 911 emergency telephone system to service Lewis County.

**Section 3. Definitions.**

All words and phrases used in this Local Law shall have the same meaning as defined in Article Six of the County Law and as specifically defined in this Local Law as follows:

A) "E-911 System" means an enhanced emergency telephone service which automatically connects a person dialing the digits 9-1-1 to an established public service answering point and which shall include, but not be limited to, selective routing, automatic number identification and automatic identification.

B) "911 Service Area" means the area within the geographic boundaries of Lewis County.

C) "Service Supplier" means a telephone corporation which provides local exchange access service within a 911 service area.

**Section 4. Effective Date of Imposition of Surcharge.**

All telephone service suppliers which provide local exchange access service within the 911 service area shall impose and add such surcharge to the billing of its customers commencing on September 1, 1999.

**Section 5. Applications; Limitations; Exemptions.**

A) The surcharge established pursuant to this Local Law and Article Six of the County Law shall be imposed on a per access line basis on all current bills rendered for local exchange access service within the 911 service area.

B) No surcharge shall be imposed on more than seventy-five (75) exchange access lines per customer per location.

C) Lifeline customers and public safety agencies in Lewis County, shall be exempt from the surcharge imposed under this Local Law.

**Section 6. Collection of Surcharge.**

A) The appropriate service supplier or suppliers serving the 911 service area shall act as collection agents for the County and shall remit the funds collected as the surcharge to the Lewis County Treasurer every month. Such funds shall be remitted no later than thirty (30) days after the last business day of such period.

B) The service supplier shall be entitled to retain as an administrative fee an amount equal to two percent (2%) of its collections of the surcharge.

C) The surcharge required to be collected by the service supplier shall be added to and stated separately in its billing to the customer.

D) The service supplier shall annually provide to the County an accounting of the surcharge amounts billed and collected.

**Section 7. Liability for Surcharge.**

A) Each service supplier customer who is subject to the provisions of this Local Law shall be liable to the County for the surcharge until it has been paid to the County, except that payment to a service supplier is sufficient to relieve the customer from further liability for such surcharge.

B) The service supplier shall have no obligation to take any legal action to enforce the collection of any surcharge. However, whenever the service supplier remits the funds collected as the surcharge to the County, it shall also provide the County with the name and address of any customer refusing or failing to pay the surcharge imposed by this Local Law and shall state the amount of such surcharge remaining unpaid.

**Section 8. System Revenues: Adjustment of Surcharge.**

All surcharge monies remitted to the County of Lewis by a service supplier and all other monies dedicated to the payment of system costs from whatever source derived or received by the County, shall be expended only upon authorization of the Board of Legislators, and only for payment of system costs as permitted by Article Six of the County Law. The County shall separately account for, and keep adequate books and records of the amount and source of all such revenues and of the amount and object or purpose of all expenditures thereof. If at the end of any fiscal year, the total amount of all such revenue exceeds the amount necessary and expended for payment of system costs in such fiscal year, such unencumbered cash surplus shall be carried over for the payment of system costs in the following fiscal year. However, if at the end of any fiscal year such unencumbered cash surplus exceeds an amount equal to five percent (5%) of that necessary for the payment of system costs in such fiscal year, the Lewis County Board of Legislators shall, by Local Law, reduce the surcharge for the following fiscal year to a level which more adequately reflects the system cost requirements of its E-911 system. The Board may also, by Local Law, re-establish or increase such surcharge, subject to the provisions of Article Six of the county Law and this Local Law, if the revenues generated by such surcharge and by any other source are not adequate to pay for system costs.

**Section 9. Effective Date.**

This Local Law shall take effect upon its filing, pursuant to Municipal Home Rule Law Section 27, with the Secretary of State.

(Complete the Certification in the Paragraph that applies to the filing of this Local Law and strike out that which is not applicable).
